P. C. JonesPresident
J. A. KennedyVice-President
Geo. H. RobertsonTreasurer
E. F. BishopSecretary
T. R. RobinsonAuditor
W. G. BrashDirector
C. M. CookeDirector
Dated, Honolulu, Feb. 24, 1909.E. F. BISHOP,
Secretary, Honolulu Sugar Co.

President Cannon, of the Mormon church, and party, were returning passengers by the Mauna Kea this morning from the volcano.

RAIN ON THE OTHER ISLES

THURSDAY'S STORM CENTER WAS ON MAUI, WITH HEAVY RAINS ON HAWAII AND KAULA.

Reports from all of the other islands this morning indicate that Maui was in the center of the rain storm which passed over the group on Thursday. Hawaii received the next heaviest ducking, Oahu a good third and Kaula had the lightest rain of all. The direction of the storm was northeast to southwest. Luckily there was no wind anywhere, and the damage from flood was confined to roads and bridges on Maui and Hawaii.

As noted elsewhere, Purser J. L. Logan, of the Kinau, reported a steady rain on Kaula. Other reports show that the fall over there was not heavy—not nearly so heavy, in fact, as in Nuuanu valley and in north Oahu. With a fall of twenty-two inches at one point, Maui easily takes the prize.

The Hawaii Herald got out a paper on Thursday, in which the facts concerning the storm up to that time were given. The Herald's account is as follows:

There was a little rainfall last night in Hilo and all along the Hamakua Coast, the further along the more the more the rain. There is plenty of work for the Supervisors to have done, and occasion for spending money on road and bridge work. Traffic is absolutely suspended about Lanipahoehoe.

A bridge has been washed at Lanipahoehoe and there has been a heavy landslide above there. Two bridges are reported gone at Malua gulch, and a bridge at Ooala has succumbed to the raging torrents.

Probably the worst washout, so far reported, is at Pohakupuka school, about a hundred feet down across the road and all traffic blocked. Stakes will travel as far as they can on both sides of the landslide, pack mules, wading and swimming doing the rest, as far as is possible, in transporting

mail matter.

At Hoohina, last night, there was a rainfall of 12 inches in 12 1-2 hours. At Onomea it was comparatively dry, only 5.35 inches falling within the same.

Supervisor Desha is doing what he can for repairs with what is left after the \$1500 have been taken from his district, and in the absence of Lewis.

Sunday services at the First Methodist Episcopal church, corner Hereford avenue and Miller street. John T. Jones, pastor.

Sunday school, 10 a. m., Mr. Arthur Robbins, superintendent.

The pastor's Bible class for young men will convene at that hour, and all young men not in Sunday school elsewhere are urged to join this class.

Morning worship, 11 o'clock. Sermon by the pastor. Subject, "The Good Old Times, a Popular Delusion." Epworth League, 6:30 p. m., subject, "Our Pattern." Evening worship, 7:30 p. m. Sermon by the pastor. Subject, "The Wells of Salvation." Special music will be rendered at each service. Prof. Nathan M. Lewis, director. Prayer meeting, Wednesday evening. The prayer meetings are especially helpful. Those desiring to attend a live spiritual meeting are urged to be present.

Tourists, soldiers and sailors are invited to all the services.

Forty men who propose to join the new N. G. H. company were at the Armory on Tuesday evening, of whom 17 signed applications. The baseball meeting delayed the work, also the nature of the blanks to be filled out which require a fund of information. Enrollment will continue next Tuesday evening, and from the interests shown the new company is a go.—Hawaii Herald.

H. CULMAN'S NEW STORE.

H. Culman, Honolulu's veteran jeweler has enlarged his store and moved to the Hotel corner.

The store is a veritable museum, having the finest collection of Hawaiian curios and novelties. Music, books and souvenirs of all kinds are to be seen, and the finest lot of postcards, comic and souvenirs, are on display.

Anyone visiting will not fail to make a worthy comment on the store perfectness.

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED FEBRUARY 27, 1909.

Honolulu, March 1, 1909.

GENERAL SUMMARY.

Usually strong winds, generally "trades," prevailed throughout the week over the entire section.

The mean temperatures were higher than those of the preceding week—and generally considerably so, excepting in the Honolulu district of Oahu, the Koolau district of Maui, and in portions of the Kohala, Hamakua and Hilo districts of Hawaii, where they were slightly lower.

The relief afforded by the rainfall during the preceding two weeks was but temporary, and the need of rain is again being felt in the districts of Hawaii and Maui which have so long and so severely suffered from drought.

The rainfall was below the average for the week of ten or more years at all stations having such records, excepting in the Hamakua and northern portion of the Hilo districts of Hawaii, where it was above.

The deficiencies, in inches, in the several districts were: Kauai—Koolau 1.42, and Waimea 0.87; Oahu—Koolauloa and Koolau 1.12 to 1.41, Honolulu 0.57, Ewa 1.32, and Waianae 1.42; Maui—Hamakua 0.54, Wailuku 0.06, and Lahaina 0.83; and Hawaii—Kona 1.08, Kau 1.26 to 1.32, Puna 1.24, Kohala 0.56 to 0.68, and central and southern portions of the Hilo district 0.14 to 0.97. The excesses in the northern portion of the Hilo district of Hawaii ranged from 0.05 to 1.02, and in Hamakua district of the same island 0.64.

The greatest amounts of rainfall for the week were reported from the windward districts of Hawaii and the higher levels of the Ewa district of Oahu.

The amounts, in inches, in the several districts were: Hawaii—Kohala 0.51 to 0.67, Hamakua 1.50 to 2.08, Hilo 1.56 to 3.12, Puna 0.93 to 2.08, Kau 0.00 to 0.08, and Kona 0.00; Maui—Koolau 1.34 to 1.88, Hamakua 0.54, and Hana 1.0 to 1.27. Kula trace, Wailuku 0.39 to 0.54, and Lahaina 0.16; Oahu—Koolauloa 0.19, Koolau 0.17 to 1.06, Honolulu 0.59, Ewa 0.20 at the lower altitudes and 1.73 to 2.69 at the higher, and Waianae 0.06; Kauai—Koolau 0.26, Puna 0.00 to 0.23, and Waimea 0.07 to 0.12; and Molokai, 0.33 in the southeastern portion and 1.52 in the interior.

There was more rain than during the preceding week in the Hilo—generally, the southern portion of the Hamakua and interior of the Puna districts of Hawaii; at all stations on Oahu, excepting in the Waianae and the northern portion of the Koolau districts; in the Koolau district of Kauai, and in the interior of Molokai. The differences, as a rule, were not material—the greatest excess being 2.30 inches, and the maximum deficiency 1.98 inches.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

	Temperature.	Rainfall.
Hawaii	69.0 deg.	1.39 inches.
Maui	70.6 deg.	0.82 inch.
Oahu	71.4 deg.	0.80 inch.
Kauai	71.0 deg.	0.14 inch.
Molokai	71.6 deg.	0.92 inch.

Entire Group..... 70.2 deg. 1.00 inch.

At the local office of the U. S. Weather Bureau in Honolulu partly cloudy and cloudy weather obtained, with rainfall on six dates amounting to .59 inch, .57 less than the normal for the week, and .58 more than during the preceding week. The maximum temperature was 78 deg., minimum 63 deg., and mean 70.4 deg., .5 deg below the normal, and .8 deg lower than last week's. Easterly winds prevailed on the 24th and 27th, and northeasterly on the remaining dates, and for the week, with the unusually high average hourly velocity of 12.4 miles. The mean daily relative humidity ranged from 66 per cent to 74 per cent, and for the week was 69.4 per cent. The barometer was unusually high throughout the week, and ranged from 30.15 to 30.20 inches. The mean for the week was 30.17, 0.21 inch above normal.

THE EXPERIENCE OF MANY WOMEN

Demonstrate Beyond All Cavil That Pe-ru-na Is a Safe and Useful Household Remedy.

Read What the Women Say.

Chronic Hoarseness.

Mrs. Della C. Cameron, Healdsburg, Cal., member Daughters of America, writes:

"Having tried many remedies for chronic catarrh of the bronchial tubes, and not receiving any benefit, I began to think there was no help for me until I began to use Peruna.

"In a short time the bronchial tubes began to clear, I did not have that 'frog in my throat' continually, my voice was not nearly so husky, and the wheezing noise disappeared.

"I was soon able to believe that I was entirely free from catarrh, and as this was several months ago, I do not believe that it will return."

The above group of women could be multiplied by ten thousand without reaching the number that have been helped by taking Peruna.

Catarrh of the Stomach.

Miss Emily Koch, 914 Michigan Ave., Sheboygan, Wis., writes:

"I can heartily recommend Peruna for catarrh of the stomach. I had tried many things which did me no good and as a last resort I got a bottle of Peruna.

"I only regret that I did not try it before I forced so much bad stuff into my stomach. It has entirely cured me and as a preventative I always keep a bottle in the house.

"I gladly recommend it to all who are afflicted as I was."

A Wasting Disease.

Mrs. Roxa Tyler, 6210 Madison Avenue, Chicago, Ill., Vice President of the Illinois Woman's Alliance, writes:

"During the past year I gradually lost flesh and strength until I was unable to perform my work properly. I tried different remedies, and finally Peruna was suggested to me.

"It gave me new life and restored my strength. I cannot speak too highly of it."

The third of the Lenten series of sermons on the Apostles' Creed will be given by Bishop Rostark at St. Andrew's cathedral on Sunday evening at 7:30 o'clock. The subject will be, "Suffered Under Pontius Pilate, Was Crucified Dead and Buried." This will deal with sin and redemption.

These sermons are preached with the intention of showing the reasonableness of Christian faith. That they are appreciated was shown by the large attendance, especially of men, at the cathedral last Sunday night.
